Profile

Product Designer with experience creating user-centered digital products, marketing assets, and visual experiences. Skilled in translating complex ideas into clear, engaging designs while balancing usability, visual consistency, and business goals.

Experience

 **ClinSight**
April 27th, 2026 - Now
Lagos, Nigeria

- Product Designer**
- Design patient and physician experiences for ClinSight, a healthcare platform that combines AI-powered laboratory interpretation with professional second-opinion reviews.
 - Design end-to-end workflows across patient report uploads, AI interpretation, second-opinion requests, physician case management, and clinical review.
 - Translate complex healthcare workflows into clear, intuitive interfaces that help patients understand their results and physicians efficiently review cases.
 - Collaborate with the product team to improve usability, trust, and consistency across ClinSight’s patient and physician experiences.

 **RocketDevs**
May 27th, 2024 - Apr 14th, 2026
Delaware, United States

- Designer**
- Designed and shipped web experiences, competitor comparison pages, landing pages, and marketing assets supporting RocketDevs’ acquisition and growth goals.
 - Translated complex product and hiring information into clear, structured experiences that made key value propositions easier for prospective customers to understand.
 - Collaborated with marketing and content teams to maintain visual consistency across customer-facing experiences and strengthen the RocketDevs brand.
 - Designed reusable page structures and components that improved consistency and streamlined the creation of new marketing pages.

 **Sync +**
Sep 28th, 2023 - Apr 23rd, 2024
Edo, Nigeria

- Product Designer**
- Designed Sync+, a peer-to-peer skill exchange platform that helps people learn from one another without financial transactions.
 - Designed the end-to-end experience across onboarding, discovery, partner profiles, skill-swap proposals, learning plans, scheduling, and active learning sessions.

 **Trusty**
Jun 20th, 2023 - Sep 11th, 2023
Edo, Nigeria

- Product Designer**
- Designed Trusty, a mental wellness platform that brings therapy, mindfulness, fitness, personal growth, and habit-building into one experience.
 - Designed user journeys across wellness discovery, therapy, mindfulness, fitness, and personal development.
